God has provided opportunities to meet the needs of others and bring the Gospel in a practical way. Her books have been distributed through the library system and churches to serve the larger population.

Author ~ Speaker ~ Professor ~ Teacher ~ Counselor

Dr. Chonta Haynes has an exciting, inviting, encouraging, fire cracker personality in Biblical teaching. Uncompromising when it comes to the word of God, she is passionate to help believers live an abundant life. From youth to money and everything in between, she pours her heart into God's word seeking treasures to share with others. Dr. Haynes is a compassionate relationship builder and communicator skilled in meeting spiritual needs through education, counseling and motivation. She believes true learning and transformation is not head to head but heart to heart.

Dr. Haynes is the Academic Operations Officer, Theology and Christian Education professor, youth coordinator, lead Chaplain as well as the author of "**Family Worship: Reaching All Who Attend**", "**Financial Wisdom For Financial Freedom**", and "**Not Just Paper**". She holds a Bachelor's degree in Electrical Engineering from Georgia Institute of Technology and a Master's degree in the same subject from the University of Miami (FL). She has a Bachelor of Arts, Master of Arts and Ph. D in Theology from Life Christian University.

~ Testimonials ~

Thank you so much for coming out to our Masters Conference: Who Wants to Be a Millionaire. When we asked the students about your presentation they said, "You could tell she was educated; but the effort she made to make sure we understood was effortless...It wasn't watered down for common folk...We could identify with her because she found some common ground...longer than expected but we didn't notice because of her **energy and the anointing** that she shared with us". It is rare that we have a **standing ovation** for a speaker the first time out! Your presentation was enjoyed so much that it was suggested that we bring you back ...The book Financial Wisdom... is a must read for ages 15 to 55... they didn't teach this when I was in school. This is sure to make an impact on the business world for generations to come. What I love the most is you make life simple, plain and uncomplicated. You make coaching the uncoachable easy as 123.

I've had Dr. Haynes for financial counseling and a course on Biblical finances. At first was a bit of a shock because of how I grew up not knowing anything about responsible stewardship. After a while I was convinced of what she was teaching and it helped me grow especially in being faithful in the area of giving. **Overall it has been encouraging and transformational.** ~ Caleb V.

"I came to Dr. Haynes for financial counseling expecting to gain more insight on how to manage my money better for before and after marriage. Not only did she meet my expectations, but with her knowledge, expertise, and applying her methods, I was able to reach one of my financial goals. This had previously seems like an impossible feat. With Dr. Haynes' guidance and much effort, over \$10,000 in credit card debt had been eliminated within just several months! I am now **closer than ever on the journey to my financial freedom** and am in the position to be arriving soon! What a blessing! Thank you, Dr. Haynes!" ~ Cassia C.

The simplistic straight forward use of the practical applications is steeped in the richness of the Word applied to everyday practices. Dr. Haynes takes a thought provoking approach to everyday concerns with results that elevate the reader while equipping him. Transformative for individuals, families, communities and nations, if applied. The challenge for the reader is to be a doer of the Word to live a stress free abundant life.

RE: Not Just Paper

When we think of the Bible or even church, we tend to shy away from or flat out avoid the topic of money. However, learning about finances from a Biblical perspective is something that exists and that is what this book provides. **This book is a life changing read** because you learn about money and what you must do to remain living in abundance while referencing God's Word. I recommend the book "Not Just Paper" for

~~ My Passions ~~

I'm passionate about our youth! I believe if we train them now, we won't have to fix them later. Pouring into our youth is not wasteful, it's an investment in our future.

The subject of money makes many cringe. With a solid background in solving problems and understanding finances, I've sought to help others gain control and not be taken by the systems of this world. When going to college, I realized that tuition increased every year. So, I set out to graduate from Georgia Tech in 3 years. I purposed to save money for my family knowing my brother was only two years behind me. I find bargains and cuts wherever they lurk. Just say Sally (Sale) and Clarissa (Clearance) are my best friends and they should be yours too.

I'm a disciplined, confident professional with over 30 years of technical and management experience. I have a proven record of increasing productivity, reducing costs, and strengthening organization with a history of building successful strategic partnerships. This is what I bring to our encounter together whether galvanized in books, courses, workshops, or best experienced in person. I bring targeted answers to everyday situations.

Pearls of Wisdom:

"Whatever you do, do it with all of your heart, as unto the Lord and not to man." Colossians 3:23

~~

I didn't grow up with a silver spoon in my mouth but I did have the foundation of God's word. As I have taught for over two decades, God has a great plan for each of us. Our mission, should we choose to accept it, is to reach our highest potential and help others do the same.

From a heart of serving, I realized that true learning is not head to head but heart to heart. I earn the privilege to pour into your life because of relationship. I truly care about your success and influence in the lives of others. So, I look forward to developing a beneficial relationship by giving you quality products and services and expecting the same excellence in return.

*Serving as unto the Lord,
Chonta*

anyone who is just getting started financially or someone who is well established, there is something for all in this book. ~ Curran L

For years I have listened to many different messages and teachings about money, but always with an open mind. I have compared the things I have heard with the teachings of the Bible and found that most of it was not lining up with the intent with which God had intended. However, when I started reading Dr. Haynes book "Not Just Paper" it was **very refreshing because of the heart which she teaches about money without any other motive other than helping others to be financially sound.** I have also started teaching this information in the prison which I volunteer and it's well received. Thank You Dr. Haynes for allowing God to use you. ~ Pastor R. Walter

Dr. Haynes writes for any ages, from 11 to 100. The book demonstrates the need for persons to break-the-cycle of poverty through their actions and their belief(s) in God. The author, Dr. Haynes, writes so that laypersons can determine how present and past lives are similar. The book is well-written for those in need of truth and the blessing of God. ~ Besoin

RE: Family Worship

This book speaks to the importance of teaching our youth. Our children are an investment. If we want to produce godly children who can be valuable to society, we must invest in them. **Excellent read for anyone who work with young people, your own or in ministry.** ~ Joy
